

Dec 10

Overfire Air

Conference Call - Subject Pending.

Ron Z

Bill Morgan, Ken Nelson, Baron Nissen
James Nelson, Chris —, Larry —

Douglas Huhdala - Engineer here tomorrow. (Wednesday)

OFA will have coated dampers at the
inlet to the ducts.

$\frac{1}{3}$ damper below 70%, then $\frac{2}{3}$ open and
 $\frac{1}{3}$ closer. Loss's vs. 10%.

9th floor walkway access — possible ladders
or better — no walkway access.

Duct will be deformed to accommodate the
walkway — walkway will not be
changed.
